Summary

Recent Information Technology graduate passionate about React Native and Frontend Development. Experienced in building responsive web and mobile applications using React Native, React.js, Next.js, and TypeScript. Seeking an opportunity to contribute and grow as a React Native Developer.

Education

Industrial University of Ho Chi Minh City

Ho Chi Minh City, Vietnam • Oct 2021

Information Technology

• Major: Software Engineer.

Projects

Á Á Studio – Photography Portfolio Website

03/2025 - Present

Frontend Developer

Tech Stack: Next.js | React.js | TypeScript | Tailwind CSS | Vercel | Three.js

- Developed a responsive photography portfolio website for Á Á Studio.
- Built reusable UI components and responsive layouts for desktop and mobile.
- Optimized image loading and overall website performance.
- Deployed the application on Vercel with GitHub integration.

Microservices E-Commerce Platform

08/2025 - 11/2025

Tech Stack: React.js | JavaScript | Tailwind CSS | REST API | Git | Docker

- Developed responsive user interfaces for Buyer, Seller Center, and Admin web applications.
- Built reusable React components and implemented responsive layouts for multiple devices.
- Integrated RESTful APIs with Spring Boot microservices for authentication, product, cart, order, and user management.
- Collaborated with backend developers using Git and participated in testing and bug fixing.
